

HEALTH & SAFETY SOLUTIONS

The need to protect those in shared spaces and healthcare environments is quickly evolving. AIS has many solutions that can be delivered fast.

Create an environment that promotes safety and wellness by choosing from a variety of product solutions with materials that are quick to setup and easy to clean.

AIS

AIS RESPONDS TO COVID-19 CRISIS

WE'RE HERE TO HELP

Dividing Screens

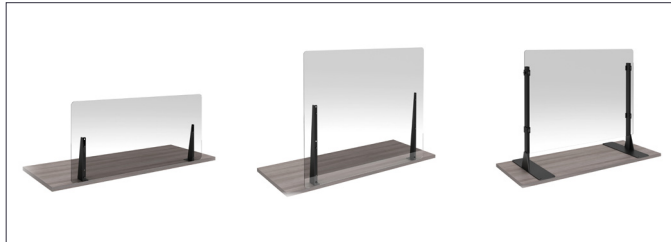

Privacy screen partitions for treatment areas can support triage units in the open plan.

Durable, cleanable, mobile, these lightweight, powder-coated aluminum framed partitions with translucent, fluted Lexan Thermoclear can be specified with steel support feet for freestanding, fixed applications or on feet with casters for easy mobility.

Surface Top Transaction Screens

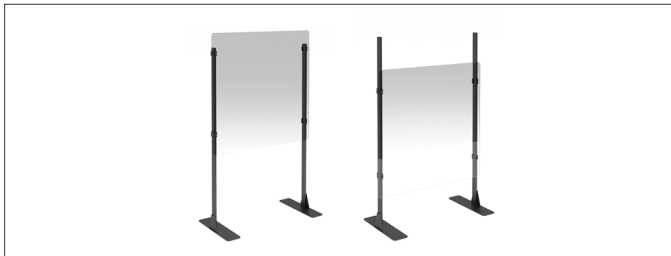

Protective shield/sneeze guard for intake areas and transaction/reception. Mount flush to surface or 2" above surface to support transactions.

Protective screens can surface mount or rest freestanding on worksurfaces. Made with plexiglass or polycarbonate material and powder-coated stanchions. Multiple widths and heights available. Widths: 24" - 48"W Heights: 12" - 40"H (Screen on far right includes 36"H steel supports with set screw adjustments. Top adjustable from 20" to 48"H)

Freestanding Transaction Screens

Simple protective shields for intake areas and transaction/reception.

Freestanding plexiglass or polycarbonate screens are easily moved, sturdy, and protective. Offered from 24" - 48"W, with steel 72"H powder coated stanchions. Top adjustable from 48" to 84"H with set screw adjustment.

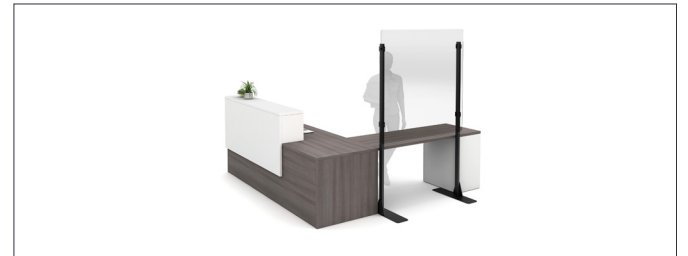

Full Body Isolation Booth (3 Sided)

Full body protection for patient treatment.

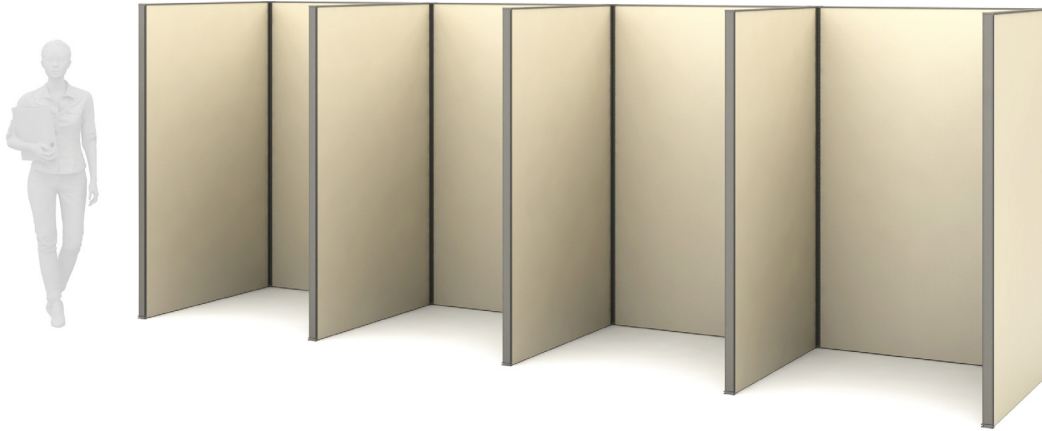

The polycarbonate booth with steel support structures has an open top and back and includes large 33" dry box glove sleeves. Includes external utility shelf at 30"H.

Dimensions: 36"W x 36"D x 84"H

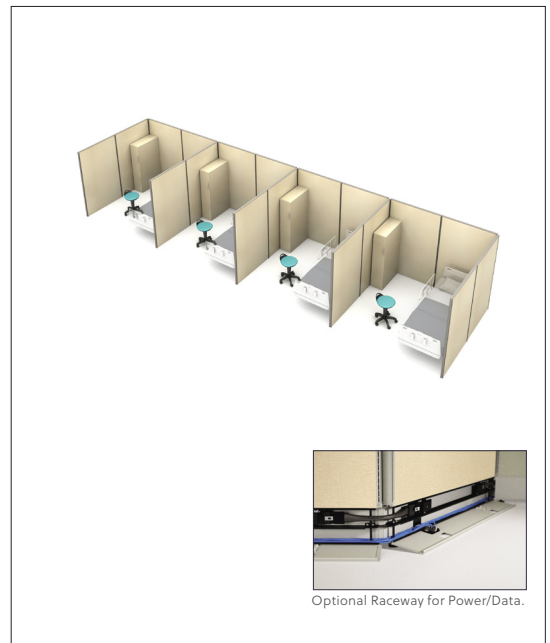

DIVI® PATIENT TREATMENT SPACES

Pop Up Intake Stations

Divi panels can be specified in bleach cleanable vinyl or high pressure laminate for ease. Quickly install and reconfigure as needs shift. Offered with or without power/data raceway. Many sizes available. Wing panels and/or curtain rods may be required for improved stability, depending on the design. Please work with the AIS Design team to confirm.

Pop Up Treatment Rooms

Manufactured with vinyl or high high pressure laminate (HPL) monolithic tiles. Offered with or without power/data access raceway. Shown above: 8' x 8' with Calibrate laminate wardrobe and Rutland Stool. Wing panels and/or curtain rods may be required for improved stability, depending on the design. Please work with the AIS Design team to confirm.

Maximum Height with Raceway: 82"H
Maximum Height without Raceway: 76"H

More sizes and storage options available.
